*"Hi Beverly, I have to tell you that I have tried a whole hell of a lot of shampoos and conditioners, and humidity totally shoots it down in every sense of the word. It seems that my hair does so much better with your shampoo and conditioner. I thank you for your expertise and your products! ~ France B.*

*"My friends and family cannot believe the change in my hair. It used to be super fine, flat and limp. Since using BeverlyD's styling spray, it is full, thick, with a ton of body and volume. When I went out of town, I thought I forgot it, and I almost had a panic attack because it makes that much of a difference when styling my hair. I believe it is the best product on the market for styling and volumizing, not to mention it is actually good for my hair. Thank goodness I found it! I will never be without it! Thank you BeverlyD! What would I do without you?" ~ Julie*

*"The way we did the last hair party was wonderful. it was relaxing, fun, stimulating, and inspiring...and the work you did on my hair color, Beverly, is simply magnificent. It's the first time someone came to me out of the blue complimenting me on my incredible color." ~ Laine J., TX*

*"Beverly, I love my hair! The color is so flattering & so is the cut. Marilyn's husband said the magic words, "you both look younger". Marilyn is also delighted with her hair & finds it easy to style. So far I've just towel-dried mine & put some of your lavender wax on the tips." ~ Sandra B., TX*

*"I really love the products. My hair is very fine and flat. With your product now I can shampoo every other day and my hair looks great on the second day. It has given it much more fullness and thickness!" ~ Lori P., Canada*

*“I have very curly, frizzy hair especially in the Houston climate. I used to use mousse and hairspray to control my hair to make it stay. Now I just use the Balancing oil and Shampoo and Detangling conditioner, and I do not need the styling products, and I don't need the flat iron. Great I love it!” ~ Shiva D., TX*

*“I just had my hair cut and colored by you. It took me the weekend to adjust to having my hair shorter than I have had it since the 7th grade, but I'm lovin' it. Even my husband commented that even though my hair is so much shorter than he's ever seen it, it looks fuller and healthier.” ~ LuAnn E., WI*

*“BeverlyD leaves the hair very shiny and silky. You need very little compared to other product lines. Also my hands feel better and are healthy after using it.”
